

The Village of Plover is seeking qualified candidates for the position of Wastewater System Assistant Manager. This is a management position that is responsible for day to day operation and maintenance of the Wastewater Treatment Facility and collection system to meet regulatory and permit requirements. The Wastewater Assistant Manager supervises four full time operators and LTE staff.

Five years of experience in the operation and maintenance of a treatment plant or commensurate experience is required. Supervisory experience is preferred. Extensive knowledge of maintenance practices and procedures is required.

Candidate must possess the advanced Wisconsin DNR wastewater certification in subclasses A1, B, C, D, L, P, and basic certification in subclass SS, within one year of starting date. Knowledge of wastewater laboratory procedures and laboratory quality assurance and experience with computers and software are also required.

Candidate must have a driver's license, valid in the State of Wisconsin. A commercial driver's license (CDL) Class B and Class D, with Air Brake endorsement and Tanker endorsement is recommended.

For more information go to www.ploverwi.gov.

To apply for the position, go www.indeed.com.

Complete and submit the online application. Applications will be accepted through January 22, 2021.

The Village of Plover is an equal opportunity employer.
